

LINDO MICHOACAN CENTENNIAL

August 28, 2009

To whom it may concern,

This is a letter of high recommendation for Nevada Licensing Services. We have utilized the services of Nevada Licensing Services in assisting us with obtaining liquor and gaming licenses for several of our restaurants. It is a fact that the cost for their services saved us not only money, but prompted the process to be completed in a very timely manner.

Because good business relationships are based on trust, performance and consistency, we enjoy very good relationships with Barbara Hunter and Serina Choi. They are in very good standing with our companies and I recommend them to you.

Sincerely,
