Dear Serina:

We owe you a great vote of thanks for your outstanding efforts in helping us obtain a beer and wine privilege license from the City of Las Vegas for our new Big League Dreams Sports Park in Freedom Park. This was the 10th such license we have obtained in our company's history. The Las Vegas license process was more complex and time consuming than the other nine combined. Had we not had you and Nevada Licensing Services to guide us through the maze we would likely still be lost.

We would be pleased to recommend you to anyone.

Plus, now (as a result of the license application) that all of us have detailed charts showing every place we have lived and every place we have worked since we were 18 years old, we all feel more connected to our origins. That you can deal with such extraordinarily mundane yet time consuming tasks as efficiently and enthusiastically as you do is remarkable.

We are pleased your son is also enjoying playing at Big League Dreams.

Again, thanks for all of your careful efforts and guidance. We and all of our patrons appreciate it.

Sincerely,

A handwritten signature in blue ink, appearing to read "Scott Parks LeTellier".
