October 22, 2009

Nevada Licensing services assisted us in obtaining our Tavern and Liquor Caterer licenses earlier this year. The amount of paperwork required was overwhelming; their knowledge relieved us of much stress and worry. NLS not only knew the process, they knew the right questions to ask to get our application approved as quickly as possible.

We recommend that any business seeking licensing contact Nevada Licensing Services. Their expertise guided us in getting our business off to a successful start so we could do what we love – cooking!

Sincerely,

Lenny and Donna Tempelman
