Re: Letter of Recommendation

Barbara Hunter:

This letter is intended to serve as a recommendation for Nevada Licensing Services (NLS). Five Star Gaming Inc feels privileged to write a reference letter for NLS. Barbara Hunter is presently a principal of NLS and when we first met her, she was an agent for the Nevada Gaming Control Board. Barbara operated with tremendous professionalism and integrity all of which are values that true to our own company.

Five Star Gaming Inc (FSG) has been through the Nevada Gaming licensing process three times. On our first license Barbra was the agent assigned to process our application. On our second and third application Barbra was hired by FSG to process our applications. She understands the complexities of the licensing process and as well as understands the complexities of her clients. But most importantly, NLS understands how to complete the process from A to Z.
